BENEFITS OF MEMBERSHIP

ACI is a technical and educational society with 30,000 members and 95 chapters in 30 countries, The objective of ACI is to educate and provide technical practice, scientific investigation, and research on a non-profit basis through publication, seminars, lectures and workshops. ACI had produced more than 450 technical documents, reports, guides, specifications and codes for the best use of concrete; conducts more than 150 educational seminars each year; and has different certification programs for concrete practitioners, as well a scholarship program to promote careers in the industry.

Members have access to an extensive technical library of publications, videos and ACI information. Also membership can reduce costs for local technical seminars and ACI certification courses.

Please email completed form to: Kirk Morris at kirk.morris@englobecorp.com
